WHEREAS, the City had been approached by several residents interested in the keeping of chickens on their properties, and;

WHEREAS, on Thursday, January 18, 2024 the Board of Alderman directed City staff create a chicken ordinance establishing certain regulations and performance standards for the keeping of chickens in the City of Cole Camp, and;

WHEREAS, the Governing Body finds that in order to provide for the allowance of chickens upon single parcel, residential properties in the City, there is a need to regulate and set minimum standards for the keeping of such chickens in order to mitigate any detrimental impact to neighboring properties and to protect the public health, safety, and welfare of the residents of the City, and:

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF COLE CAMP, MISSOURI, AS FOLLOWS:

SECTION 1. That Chapter 205 of the Municipal Code of the City of Cole Camp, Missouri is hereby amended by creating a new Section 205.140 as follows:

Section 205.140 The Keeping of Chickens

1. **Number and type of chickens allowed.**
 - a. The maximum number of chickens allowed is six (6) per tract of land regardless of how many dwelling units are on the tract.
 - b. Only female chickens are allowed. There is no restriction on chicken variety.
 - c. For the purpose of this Section, chicken shall mean a fowl belonging to the species *Gallus gallus domesticus*.
2. **Permitting required.**
 - a. *General requirement.* In order for a person or persons to keep or otherwise possess chickens under this Section, a “chicken permit” must be obtained from the City Clerk’s office. The chicken permit shall be obtained prior to the keeping of any chickens on a property. The City Clerk shall establish an application process to be followed by all individuals seeking a chicken permit. All applications must follow this process and shall be filed on forms prescribed by the City. The City Clerk shall issue a permit within ten business days of approving an application to possess chickens.

- b. *Denial of a permit.* Upon a showing of competent evidence, the City Clerk shall have a duty to deny any permits in accordance with this Section.
 - (1) Chicken permit applications may only be denied for the following reasons:
 - i. An applicant requests to keep any fowl not belonging to the species *Gallus gallus domesticus*
 - ii. An applicant has previously been found in violation of this Section.
 - iii. An applicant has failed to meet the minimum standards established in this Section for the safekeeping and maintenance of chickens.
 - iv. Failure to pay the required permit fees, including any delinquency fees.
 - (2) An applicant denied a permit shall not reapply for a period of thirty days from the denied application.

 - (4) The City Clerk shall issue a written denial stating which of the reasons above was the basis for the denial.
- c. *Other fowl.* Notwithstanding Subsection (b)(1) above, if an applicant makes a showing that the keeping of another species of fowl will not infringe on the quiet enjoyment of neighboring property owners, nor endanger the health, safety, and welfare of City residents, the City Clerk has the discretion to approve the keeping of another species of fowl so long as the applicant substantially shows that the keeping of this species otherwise follows the requirements of this Section in its entirety, and that the species of fowl desired to be kept is similar to size and manner to a chicken.
- d. *Issued Permit.* Permits shall be issued for a one-year period of time from March 1 of the current year to March 1 of the following year. Yearly renewal of said permit shall require applicants to fully reapply.
 - (1) Permits shall be kept by the applicant and presented upon demand by any City official. Permits may be revoked or prosecution may be undertaken against any individual who fails to comply with this Section.
 - (2) Permits are non-transferable and shall not run with the land. Private restrictions on the use of property remain enforceable and shall supersede a chicken permit.
- e. *Permit Renewal.* All persons who obtain a chicken permit shall reapply and renew said permit under this Section prior to March 1 of the expiration year. Failure to renew a permit prior to its expiration shall result in a \$1.00 delinquency fee per month a permittee fails to renew in addition to the required permit fee. Permittees who fail to renew may also be subject to prosecution for violations of this Section.
- f. *Permit Fee.* The fee for a chicken permit shall be \$10.00 and renewed each year thereafter for the same fee. All fees shall be non-refundable and non-transferable. Failure to pay the required permit fee shall be deemed a violation of this Section. Chickens shall not be kept on any property until a permit has been issued and all permit fees, including any delinquency fees, are paid by the applicant.
